Areor® Stepped G

Plug-in counter island with minimized energy consumption and maximized transparency

A↑G **A** [1]

Benefits at a glance

- **Quick return of investment thanks to outstanding energy efficiency, labelled A**
- **Highly transparent design for a modern and optimal product presentation**
- **Plug & play connectivity options to various store gateways**
- **3M1 temperature class for a wide range of product applications**

CONNECTED PLUG - IN

ccr Part of the **Climate Control Revolution**

Areor® Stepped G

Plug-in counter island with minimized energy consumption and maximized transparency

Standard configuration

- Highly transparent stepped plug-in counter-island for promotional sales
- Stepped superstructure with acrylic sidewalls and one (Areor® SD) or two (Areor® ST) adjustable glass shelves
- Bottom shelf and plinth of galvanized steel with powder-coated finish, sidewalls and front air deflectors of PVC, outside and inside color black (RAL 9005)
- Stainless steel bumper (Areor® ST 1052 G)
- Energy optimized fans
- Electronic controller
- Digital thermometer (solar)
- Factory installed castors
- Sliding condensing unit
- Natural refrigerant R290 (propane)

Customization

- Connectivity options to various store gateways
- LED lighting for canopy and shelves, light color Neutral White 4000K, Cool White 5700K, Fresh red
- Price rails, 40 and 60 mm
- Large selection of CCR-certified powder coating colors internally and externally
- Wooden cladding
- Multiplex kit back-to-back
- Stainless steel bumper (Areor® SD/ST 1253 G)
- Transparent product dividers and presenter, V or Z shaped
- Cabinet feet
- Remote CO_2 version (on request)
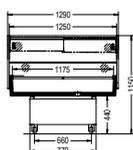

Areor® SD 1253 G

Areor® ST 1253 G
